at manœuvres and liked him. Of course these names were not revealed. "The work begins again where it was shifth enables those who assist them to optimize this work. It is not in order for the Major-General, and he would not

Friends, however, declared that the statement was literally true. The Gen-eral takes command of the forces as he officer of any branch of the State ser licly espoused the cause of Adjt.-Gen. Verbeck. If they hold any commands soldier man and takes philosophically anything his superiors may decide.

Arrangements were made for the inspection of the militia organizations of the State by regular army officers. This begins on Monday with the Binghamton commands. Arrangements were also made to revive the officers' school To the Editor of The Sun-Sir: This is an age of startling revolutions in every department of life; in the art of war, howmade plans to get together with the The military specialists of the world are inspector instructors of the United

The idea of the manœuvres was that the National Guard, as well as the regu-General Teufelzahltdierechnung aims to meet the necessities of that epoch making change in the science of war rendered where the mistakes were. The regular ecessary by the startling advances made army has a corps of first class officers detailed with the Guard, Capt. Lincoln C. Andrews of the Fifteenth Cavairy, Capt. Biddle of the cavairy, Capt. An drews of the engineers, Lieut, Preil the field artillery and Capt. Cory of the

infantry. When these men have agreed on the reports there will be a conference with Gen, Barry, commander of the Depart ment of the East, out of which will come an agreement as to every incident that constituted a shortcoming, supplies transportation, tactics, hospital service and everything else. The superseding of the Major-General simply postpone the work of these officers.

50,143 PACKAGES MAILED. More Than 2,000 Held Up for Parce Post Stamp.

Postmaster Morgan's estimate of 50 000 packages by parcel post on Fr was amply justified when the re turns came in yesterday morning. The otal number of packages mailed from midnight to midnight on Friday was 0.143, an increase of nearly 20,000 over Thursday.

This encouraging increase, howeve was offset by the number of package wrongly mailed with ordinary stamps here were 2.370 so mutilated, wherea on Thursday only 800 were received These packages are being held where they were mailed until the people who sent them shall appear and get the proper stamps.

Of the 50,000 packages mailed on Fri day under the parcel post system, 31. 964 came into branch stations, 3.783 into the general post office, 7.040 into and 7.406 into the Pennsylvania Terminal sub-station. The number of pack ages delivered was 9,370, of which 834 were delivered by wagon and 8.536 by

There were 2.159 insured parcels. Of the total number delivered, 1.488 were for local distribution and 7.882 were

from out of town. The most unique package was a box of leeches. The would-be sender was notified that live stock is not tolerated. A sailor off the battleship Delaware tried to send two canary birds to riends in Indianapotis. Other sailors from the same ship sent souvenirs collected in Panama, where the Delaware went recently as convoy for President
